Te igitur, Martyr egregie, supplices oramus  
ut qui mortalem hanc vitam degens,  
morbos animorum curabas  
in cœlo nunc regnans  
mentes nostras et corpora tuearis.

Therefore, O eminent martyr, we in supplicance pray to you:  
just as, while living this mortal life,  
you healed the diseases of souls,  
as now, reigning in heaven,  
you protect our minds and bodies.
